### **Vista Gold Announces Extension of Deadline for Completion of Arrangement and Preparation of Updated Resource Estimate for Awak Mas Gold Project, Indonesia**

**Denver, Colorado February 27, 2007** – Vista Gold Corp. (TSX & AMEX: VGZ) (“Vista”) announced today that the deadline for completion of the previously announced arrangement involving Vista, Allied Nevada Gold Corp. (“Allied Nevada”) and Carl and Janet Pescio has been extended to April 30, 2007. The arrangement, if completed, will result in Vista transferring its existing Nevada properties to Allied Nevada, which will concurrently acquire the Nevada mineral assets of Carl and Janet Pescio. The closing of the transaction is subject to the satisfaction or waiver of a number of conditions customary in a transaction of this nature. Among the conditions is the registration of Allied Nevada’s common stock under the U.S. Securities Exchange Act of 1934. To this end, Allied Nevada filed a registration statement on Form 10 with the U.S. Securities and Exchange Commission, has amended the registration statement in response to the Commission’s comment and is currently awaiting the Commission’s response. The registration will not be complete until the comment process has concluded, which Vista currently anticipates will occur during the first quarter of 2007, with the transaction expected to close shortly thereafter.

In other news, Vista has retained Gustavson Associates LLC (“Gustavson”) of Boulder, Colorado, to prepare an updated resource estimate on the Vista’s Awak Mas deposit on South Sulawesi Island in Indonesia in accordance with Canadian National Instrument 43-101 standards. The new resource estimate will incorporate the results of the drilling program completed by Vista at the project late last year, which consisted of 13 core holes totaling 8,440 feet of drilling. Vista intends to complete a feasibility study on the project during 2007.
