### **Vista Gold Corp. Announces Proposed Registered Offering of Common Shares in Connection with Proposed Spin-Off**

PRNewswire-FirstCall

DENVER

Vista Gold Corp. (Amex: VGZ; TSX) announced today that it plans to file a shelf registration statement with the U.S. Securities and Exchange Commission (the "Commission") relating to the proposed registration for offering of up to four million common shares from time to time and through one or more methods of distribution, subject to market conditions and the Corporation's capital needs. The Corporation anticipates that some or all of the registered shares will be issued to raise approximately US\$25 million to be invested in a company to be spun off by the Corporation. The proposed spin-off transaction was previously announced in the Corporation's press release dated July 10, 2006, and Form 8-K filed with the Commission on July 12, 2006, which set forth terms of a letter of intent ("LOI") with respect to the transaction.

The proposed registered offering by the Corporation represents a change in funding plans in lieu of the previously contemplated private placement to be undertaken by the spun-off company under the terms of the LOI as initially reported. On August 15, 2006, the LOI was amended to provide for this change among other matters. The Corporation is filing an amendment to the above Form 8-K to provide additional information about the amendment including the foregoing change.

The exact timing of the Vista financing and details about pricing and other matters will be disclosed once they have been finalized.
